

WHY WHAT WE DO WORKS

Holistic:

Our process leads to spiritual renewal, character formation and skills development, with a balanced focus on how God is shaping your whole life – head, heart, hands and habits.

Relational:

You gain perspective, insight and support as the lessons are processed in the context of a small group, with personal coaching to implement your learning in your life and ministry.

Missional:

A spiritual leader's ministry flows out of being – who you are becoming guides how you will accomplish God's kingdom purposes. We shape you for greater spiritual impact.

Reproductive:

Our process empowers you to cultivate other leaders, giving you a reproducible system to mentor others in their spiritual, character and leadership growth.

CAN WE EMPOWER YOU?

"Through the one-on-one coaching, combined with the facilitative teaching method used in the group meetings, I see a real change in my life. I didn't just grasp the content, but got a life-long grip on understanding my unique purpose (or calling) and the process of fulfilling my destiny."

WHO WE ARE

Registered in Singapore in 2003, we are part of an international fraternity of ministries that was born in the USA in 1980.

I have had a long relationship with CRM as an organization, and mentoring relationships with many of their staff. I unreservedly recommend CRM to leaders who want help in developing leaders. They offer both the resources and the relationships to empower leaders for greater growth and impact.

OUR MISSION & VISION

We have a three-pronged approach to serving churches.

1

EVANGELISM

By loving our communities and sharing the gospel through Bible Discovery.

2

DISCIPLESHIP

Through focusing leaders, spiritual discovery and coaching.

3

LEADERSHIP DEVELOPMENT

By providing resources and strategic planning as the Lord enables.

Novo creates environments, relationships, and materials to build spiritual leaders. We exist to empower you by inspiring, equipping and supporting you for greater growth and ministry effectiveness.

The focus is on how God wants to develop you and guide you – who you are becoming and how you will make your greatest kingdom contribution.
